

## Makok Outpost

Four to eight anglers can enjoy Makok Outpost, situated on a sandy beach about five miles from Makoibatan Lodge near the mouth of the Albany River.

In spite of its remote location, Makok boasts full amenities including a shower, toilet and vanity-equipped washroom, two bedrooms with single and double bunk beds, and fully-equipped living quarters with a solar lighting system.

And then there's the fishing. The entire lake, river, rapids, and smaller lakes provide every kind of challenge. The outpost location is within minutes of great fishing.
